【Important Notes】

- Please ensure that the order of dates is consistent throughout the form, either past to present or present to past.
- When listing names, please include the full names of all authors (with underlines) in the order they appear in the publication.
- Number each item (books, academic papers, etc.). If submitting a separate copy of an academic paper, please write the number assigned in the research achievement document in the upper right corner of the individual copy.
- Clearly indicate whether academic papers have been peer-reviewed.

For other notes, please refer to the entry instruction.
